HSE Training Programs

Level (2) Fire Safety for Fire Wardens

Who is Fire Safety for Fire Wardens for?

This qualification has been designed specifically for those working in the role of a fire safety warden. Fire wardens are individuals who have been designated the responsibility to support the ongoing management of fire safety. Their role is to contribute to the safety of those who may need to be evacuated in the instance of a potential fire safety breach.

What will they get out of it?

This qualification aimed to reducing hazard and risk associated with fire. The aim of a fire warden course is to equip participants with the knowledge and skills necessary to effectively manage fire safety procedures within their workplace.

What is Fire Safety for Fire Wardens covers?

1 Hazards and risks associated with fire in the workplace
2 Controls for fire risks in the workplace
3 Role of the nominated fire warden
