

## HSE Training Programs

### Fire Safety Awareness

#### Who is Fire Safety Awareness for?

Fire Safety Awareness is for people at any level, in any sector worldwide, who need a grounding in the essentials of fire safety such as general staff, fire warden and fire watchman.

#### Fire Safety Awareness covers...

- Effective fire evacuation.
- Roles and responsibilities in a fire emergency.
- Fire and firefighting equipment.
- Identifying workplace fire hazards.
- Successful delegates are awarded an IOSH Fire Safety Awareness certificate.

#### What results can I expect?

- Improved organisation-wide fire safety awareness culture and appreciation of fire safety measures.
- Active staff involvement to improve the workplace.
- Enhanced reputation within the supply chain.
